To: **The Seekers of Truth and Justice and to All Who Fight for What is Right and The Freedom that is of and for America**

I decided to put what I have to say in writing to impart the truth that will bring clarity to the Global Collateral Accounts that are in position in more than one hundred countries, to realize GOD's Ultimate Program here on earth. The "new earth" will be a righteous society of people living on earth and the "new heavens" will be a perfect heavenly kingdom or government that will rule over this earthly society of people. GOD's original purpose did not change. And it must be fulfilled in a new world (Isaiah 55:11).

I, Flor Lat Villapando, the co-registered owner of the **H. MARTIN FOUNDATION Far East Humanitarian Services**, serving as the Vice-World Chairman, Treasurer and Controlling Officer of all the generated assets and activities of the H. MARTIN FOUNDATION hereby declare: **The Sole Owner and Sole Signatory of the Global Collateral Accounts is the Founder and World Chairman of the H. MARTIN FOUNDATION Far East Humanitarian Services**, a foundation that was structured as - **A Worldwide Humanitarian FUNDING Institution. His name is Abba Martin Eddy Hornido Tirwatadinata**, and he is fondly called by the Indonesian people as Abba Martin, which means "Father" in the Indonesian language. The reason his name did not surface until now is because he has an "Irrevocable Confidentiality Agreements" with all his banks around the globe except with his banks in Indonesia. His assets went side by side with what constitute as the Federal Reserve. Papa Martin's assets are clean, clear and of non-criminal origin which became part of the Central Bank of the different countries of the world. He did not macro-manage nor micro-manage his assets nor did he request to receive any statements from his bank, thus, it propagated globally.

Excerpts of the H. MARTIN FOUNDATION's History:

During the peak of Japan's economy in 1997, the Founder / World Chairman of H. MARTIN FOUNDATION requested the royal couple of Japan to use a small part of his assets in Japan, to jumpstart his humanitarian goals. I, Flor L. Villapando, gave an authority to a gentleman in New Jersey to open a bank account on behalf of the H. MARTIN FOUNDATION. He opened an account with Fleet Bank, then PNC NA Bank and Chemical Bank respectively. These banks readily closed the account upon receipt from Tokyo Mitsubishi Bank, a "Pre-advice to transfer (46Billion USD) forty six billion US dollars in seven tranches on behalf of the H. MARTIN FOUNDATION". These incidents are very much documented in the United States Treasury.

The H. MARTIN FOUNDATION's assets are great in magnitude. The Founder lodged his and some of the kingdoms assets in the countries that lost the war. He made an "Irrevocable Confidentiality Agreement" with all his banks except with his banks in Indonesia, that no one should ever know who own such funds. You can just imagine how these assets propagated in thousands of banks and build the different countries of the world because this happened before Trading even began between the United States of America and Japan. The assets in Japan was used to build Caterpillars, Honda Sedan, Toyota Land Cruisers etc., and many appliances you can find in many homes, etc. etc. The same thing

happened with his assets in the different countries such as Canada, Germany, Russia, United States of America, etc..

When Papa Martin sent me to London on May 1997 to meet with some investment bankers from Switzerland, I missed to get a visa which a Filipino passport holder must have. I was sternly told by the Immigration officer upon checking-in at Heathrow airport to get the next flight back to Los Angeles. After about two hours of praying to GOD for the immigration officers to allow me to get in the United Kingdom, I was told by the immigration officer that I was the first Filipino National that was able to get in the UK without a visa. They have verified the H. MARTIN FOUNDATION whose assets are running also in the London Stock Exchange.

When I went to Switzerland on July 14, 1997, **I presented the bankers connected with the US Treasury and a banker mandated by Federal Reserve, two account numbers with Toronto Dominion Bank Canada and told them there's (2) two billion and (4) four billion US Dollars respectively.** The bankers created a document with the account numbers which they made me sign. I did not know that it was immediately faxed to Federal Reserve New York. The bankers told me the history after the verification by Federal Reserve New York. They said, "Initially, they were told to watch out for me closely because if the accounts were not real, I will be put to jail." The bankers told me, the account numbers I gave were newly opened accounts, two weeks before I went to Switzerland. The funds transferred originated from the King of Indonesia, Abba Martin Eddy Hornido Tirwatadinata, is the Sole Signatory and the H. MARTIN FOUNDATION is the beneficiary.

After staying in Switzerland for another week to work with the gentleman mandated by Federal Reserve to look at our assets with Bank Nationale de Paris and coordinating with Federal Reserve in New York, I was told by the bankers that the US Federal Reserve mentioned H. MARTIN FOUNDATION **has NO CASH** and must have its own platform because **putting all the assets of the Traders combined, H. MARTIN FOUNDATION's assets is still the biggest.** In fact, the gentleman mandated by Federal Reserve told the bankers connected with the United States Treasury, **"You people put "King-Kong" on the table and you expect me to make him human?"**, and they all laughed out loud.

When I came back from Switzerland to United States, **a "Command Performance" was done** (to me and the Founder to find out if he is the real owner of the funds) **by two Federal Reserve officers from New York together with the Chairman of Swiss Bank Corporation in Basel Switzerland and the bankers.** **IF the Founder connected with me is NOT the real owner of the funds and IF we are NOT able to perform, I WILL BE DEPORTED out of United States of America back to the Philippines.** I am currently STILL HERE living in California.

To comply with the requirements to start up with Cash to get in the Trade program (currently called Private Placement Program) Papa Martin work with Mr. Peter Morgan of J. P. Morgan Trust to facilitate with the use of his International Credit Line the funding of a project by the Government of Indonesia and in exchange to receive as collateral the US Treasury Note issued by the United States Government to the Government of Indonesia. After the Agreement was signed by the parties and presented to the Highest Monetary Authorities, the transaction was turned down.

The Founder and I worked on another transaction to comply with the requirement. Papa Martin sent a previous banker from Wall Street to represent the H. MARTIN FOUNDATION in Russia. Our representative was met at the airport by the Presidential guards of Yeltzin and he dealt with the Minister of Finance and the top fifteen banks in Russia. During the ongoing transaction, I happened to ask our representative how did he came to know the H. MARTIN FOUNDATION. This was his story: "He used to work in the New York Stock Exchange dealing with billion dollar accounts. He got interested to write a book about the "cold war" between banks that he traced and back-tracked the four biggest

numbered accounts running in the New York Stock Exchange. He said that one is the H. MARTIN FOUNDATION'S."

After years of training in high-level banking with actual banking transactions, Papa Martin sent me to Seoul, Korea where I dealt with different Chairman/Presidents of different corporations, Governor of Jeju Island, the owner and Chairman of Jeju Bank and Leaders of existing charitable organizations in Jeju, Busan, Kumsan and Seoul, Korea. It was an actual performance not only introducing the H. MARTIN FOUNDATION but also drafting contracts and dealing with the different corporations in need of funding for their projects. They were able to verify themselves the reality of the assets of the H. MARTIN FOUNDATION Far East Humanitarian Services in Korea.

In our quest to get into the Trade Program where H. MARTIN FOUNDATION was approved with flying colors, Papa Martin himself together with my brother went to China in 2006. Papa Martin was offered by the Chinese Government all their US Treasury Notes in exchange of all Papa Martin's assets in China and at the same time they will help lead in the implementation of the H. MARTIN FOUNDATION's Program. Papa Martin put down his pen at the last moment and did not go through with the agreement. Currently, a Governor Inspector General of an International Organization for Economic Development was so interested in facilitating the redemption of a Liberty Bond (China) I presented through a banker. We did not close any deal because Papa Martin and I would like to do Collaboration instead before we work on bringing out the funds.

From the very beginning, Papa Martin would like to collaborate with the Government of the United States of America in the implementation of the different humanitarian programs and projects globally. **It is only through an Executive Order of a President of the United States of America that money can be printed against the H. MARTIN FOUNDATION's assets because of its magnitude.** At that time, H. MARTIN FOUNDATION was required to prepare and present the **Program** how HMF is going to operate globally, the **Projects** we are going to implement and the **People** who are going to work on it. During that time, I was asked who are going to work in the implementation of the projects because it is such a monumental task and at that time, many are employed. How do I see it happening and what is the avenue to dispense such big amount of money? This is what took me years to prepare even without the funds after getting the training from Papa Martin in high-level banking. Through GOD-orchestrated events, I was able to know and meet many wonderful Leaders in the field of humanitarian here in the United States, Korea, Canada, Russia, London, Philippines, Panama, Spain, China, Japan, Singapore, etc.. Now the H. MARTIN FOUNDATION is very much ready with the Program, Projects and People. **The "MODEL PROJECT" is a Humanitarian Services Mall to be called H. MARTIN Global Community Center (plus the name of the city or community).** This project once funded and implemented **will provide services and create the very much needed jobs** here in America and all over the world. **The "MODEL COUNTRY PROJECT" will be the country of the Philippines.**

On November of 1996, having only the HMF Doctrine, Discussion of Humanitarian Projects and the Founder's Vision as the fundamental instruments for my guide, I found out I cannot solicit nor accept donation. I was instructed by Papa Martin NOT to work on anything else, NOT to go on welfare and to work full time on the H. MARTIN FOUNDATION. I asked Papa Martin, "Papa, how will I live? I have a six year old daughter to feed?" And he answered me, "Flor, you are not working for me, you are working for GOD". It took seventeen years of life's journey working full time on H. MARTIN FOUNDATION without salary and just believing and having the FAITH in GOD to get to where we are today. With the guidance of GOD's Holy Spirit, GOD orchestrated events and GOD-sent people, I and the Volunteers and Leaders of the H. MARTIN FOUNDATION finished the work last **December 24, 2013.**

NOTE: The Funds from the Global Collateral Accounts is NOT something to just give away. **What to expect after the Event?** Yes, it is intended for the benefit and for the good of the people and our world but GOD is a “GOD of order”, for it is written in the Word of GOD that there will be a time when “Man will reap the fruits of his labor”. It is through the GOD-given Program below that these funds will be utilized to materialize the spiritual program of GOD.

THE PROGRAM of the H. MARTIN FOUNDATION Far East Humanitarian Services

I was directed by the Founder / World Chairman of the H. MARTIN FOUNDATION Far East Humanitarian Services (HMF), Abba Martin Eddy Hornido Tirwatadinata, to work now with his assets to get in an investment Program where **100% of the profits will be utilized to FUND humanitarian programs and projects globally. We would like to collaborate with the Government of the Republic of the United States of America and other countries thereafter.**

In the event of a global financial collapse, the physical assets are ready to back up the bonds/notes. In the event that the Private Placement Program (PPP) or Quantitative Easing is no longer viable, GOD has given to me the SOLUTION, a “Global HMF Assets Management and Banking Program” that is doable to use, which will “REVOLUTIONIZE” the global economy and instill honesty and transparency because all involved will be interdependent of each other. We are not going to reinvent the wheel. We will just improve what we currently have but COLLABORATION is a must.

This GOD – given Global Banking Program using the H. MARTIN FOUNDATION’s physical assets as well as significant depository assets in 100+ countries / global collateral assets (Japan, China, Korea, Australia, Russia, Germany, London, Switzerland, Canada, United States of America, Middle East such as Iraq, United Arab Emirates, etc.) once managed in a harmonious manner will generate everlasting funding for the Foundation’s projects worldwide. This will greatly benefit the Republic of the United States of America and the people of the world. Properly using the H. MARTIN FOUNDATION assets as leverage, in collaboration with the Government of the Republic of the United States of America, we (HMF + the Government of the Republic of the United States of America) can attain to become the “HEAD and NOT the TAIL” and make the GOOD to TRIUMPH over evil.

The H. MARTIN FOUNDATION Far East Humanitarian Services (HMF) is now ready with the following:

A. Over-all GLOBAL HUMANITARIAN PROGRAM

- The **PROGRAM** how we are going to operate globally;
- The **STRUCTURE** **how funds of this great magnitude will be spent;**
- The **proposed avenue to dispense the funds globally** to enforce honesty and transparency so it will reach the recipients.

B. MODEL PROJECTS

- To be implemented in each and every community, city, state and country which will **provide services** and **create jobs** essentially in every field.

These **PROGRAMS** and **MODEL PROJECTS** are now **ready for presentation to the Government of the Republic of the United States of America** (and Governments of other countries thereafter) **to materialize the HMF Program / Vision globally with the help of the human resources and advance technology the US Government have.**

C. PEOPLE / LEADERS

- The **PROJECTLEADERS** in the area of Health, Education, Housing, Livelihood, Ecology, Strategic, Research and Development, etc. **who will**

help convey the Vision and lead in the implementation of the different humanitarian programs and projects are now lined up and connected with the H. MARTIN FOUNDATION Far East Humanitarian Services.

In collaboration with the National / State and Local Government, the leaders of existing Charitable Organizations, Foundations and Humanitarian Agencies can be summoned and group together to help create a “**complete model project**” in every area of the different fields of humanitarian. Once the “**complete model projects**” are achieved, these can simultaneously be implemented, because many of these organizations are already established in different countries. Starting with the “**MODEL PROJECT**”, the **H. MARTIN Global Community Center (plus the name of the city or community)**, an “HMF Humanitarian Services Mall”, we can house in one site the different humanitarian agencies that will help in the implementation for each and every city or community.

The different **PROGRAMS** and **PROJECTS** once FUNDED by HMF and implemented by collaborating government and humanitarian agencies, will provide services and create the very much needed jobs all over the world. Everyone involved in the implementation will receive honorarium / salary with complete benefits. All the humanitarian services that will be provided such as Free Childcare and After School Programs, Complete Scholarship Programs, etc., will become part of the benefits of the people working on the projects. (Go to www.hmartinfoundation.org, then click on YouTube) This will help uplift the standard of living of individuals, children and families and boost the economy of each and every country thereby fulfilling the Founder’s Vision, “Life in Its Fullness” for all the people of the world.

Jobs will be created globally with the implementation of the HMF Programs and Projects in COLLABORATION with each and every Government (National / State & Local Government) and existing Charitable Organizations, Foundations and Humanitarian Agencies. COLLABORATION is very important 1.) to have uniformity of programs and projects to be implemented; 2.) to standardize the process to hasten the implementation of programs and projects; and most importantly 3.) to streamline the FUNDING process. This will boost the economy of each and of every country thereby fulfilling the Founder’s Vision, “Life in Its Fullness” for all the people of the world.

After seventeen years of working on the H. MARTIN FOUNDATION without salary, I have incurred more than a million dollars combined personal loans and participation by HMF volunteers. These personal loans and “voluntary participations” by the HMF volunteers in the form of Time, Talent & Treasure are very much documented. These help materialized the Visions GOD has given us in the form of: TEMPORARY/VIRTUAL OFFICES since 2004 to the present; HMF HUMANITARIAN PROFILE BOOKS that depicts how HMF is going to operate globally, HMF Doctrine, HMF Constitution and By-Laws, etc.; BOOKS on The Proposed HUMANITARIAN COLLABORATIVE AGREEMENTS (HCA) for participating organizations and different governments, etc.; VIDEOS and BROCHURES to introduce HMF; VIDEOS and BROCHURES of Roadmaps to Participation by Collaborating Organizations and the different Governments; VIDEOS of different PROGRAMS and PROJECTS to be implemented globally; FOLDERS, LETTERHEADS, CALLING CARDS and thousands of LETTERS & POSTAGE to bring awareness of HMF’s Programs and existence; different INVITATIONS, PROGRAMS, STREAMERS, FOOD & DRINKS to serve whenever we do HMF PRESENTATIONS to introduce HMF, prepare the projects and find our co-leaders in the different cities here in California (2004-2013), Korea (2001-2004) and the Philippines (1996-2009).

All of the things I mentioned above are in preparation for the **COLLABORATION** by the **H. MARTIN FOUNDATION Far East Humanitarian Services** with the government of the **Republic of the United States of America and other countries thereafter**. The H. MARTIN FOUNDATION is a Spiritual Program being materialized, hence a Paradigm shift.

It is a joint project under the management of GOD and man. (Relationship with GOD through prayer while we work / "Ora Et Labora" to seek the greatest Source of Knowledge). Each one's participation is essential for its success. Desire for change and for the betterment of our world is the key to attain peace, new heaven on earth where greed and anger will be stamped out by reason, love and compassion, a fulfillment of every promise. As expected, there is so much opposition. The enemy has twisted the truth and has done a campaign to smear and discredit the works that were put together by GOD's people.

So much work is yet to be done and we cannot do it without GOD and the participation of good-hearted Leaders who are in the position. May the good Lord touch their heart and guide each one on how we can work together in keeping and preserving the constitutional rights the Founding Fathers of this great nation (GOD Bless America!) has set forth and make it as the foundation to make our world a better place to live.

In the event of a global financial collapse, the H. MARTIN FOUNDATION Far East Humanitarian Services is ready with the PROGRAM, PROJECTS and PEOPLE (to include all the people of the world). **With the assets of the H. MARTIN FOUNDATION** (gold in the banks and mountains full of physical gold, platinum, barrels & barrels of diamonds, gem stones etc., as well as significant depository assets worldwide / global collateral accounts) **to back-up the PROGRAM, PROJECTS and PEOPLE, the H. MARTIN FOUNDATION Far East Humanitarian Services is READY, WILLING AND ABLE to SUPPORT THE RESTORATION of the REPUBLIC OF THE UNITED STATES OF AMERICA, to keep and preserve its sovereignty for the current and future generations to come.**

Sincerely yours,

Ms. Flor L. Villapando
